ABOUT US

Treten Network is a security focused ICT solutions provider. We provide your organization with the technology and strategic ideas needed to boost your productivity; at the same time, protecting your computer network from hackers, cyber criminals and any vulnerability.

OUR MISSION

We are in business to ensure our clients operate securely by providing them with state-of-the-art ICT and Security services through Security Advisory, Assessment and Remediation (SAAR) thereby allowing our clients focus on their core business.

OUR VISION

To become the #1 ICT Security Solutions Provider in Africa.

Why Treten?

There are hundreds of companies to choose from. Finding one you can count on and build a relationship with for the long term is a difficult task. Here are some reasons why you have made the best decision for your company by choosing us

Our Approach

To us, it's not just work - we take pride in the solutions we deliver. We encourage each other to achieve excellence in all endeavours and aren't satisfied until projects meet our own personal high standards.

We welcome and act on your feedback

We're always looking to improve every aspect of our business. From more features all the way to more frequent tutorials.

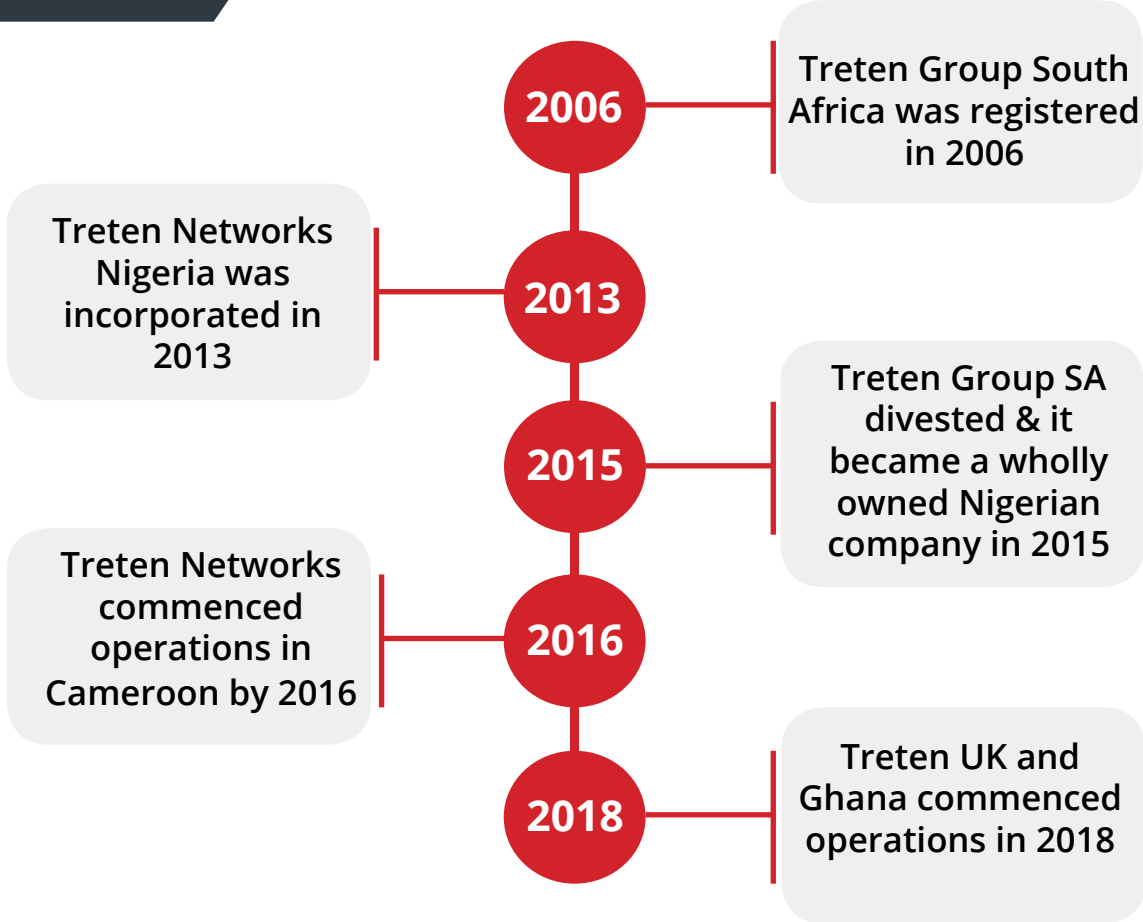

We're passionate about what we do

What sets us apart from the competition is that we're passionate about the products/services we provide and quality of support.
